- We aim to handle all personal information lawfully, fairly, securely and confidentially always.
- We welcome comments, concerns and complaints about confidentiality, records, access to information, online services or any other data protection matter. This helps us improve our services and information governance arrangements.

- Complaints may be made in writing, by email, by telephone or in person. You do not need to complete a specific form or use legal terms for us to accept your complaint.
- If your complaint concerns another person's information, we may need appropriate proof that you have authority to act on their behalf before confidential information can be discussed with you.
